

“
At the heart of the
Dän Laachewdäw Kún
is the belief that culture
is a living, breathing
entity that shapes
our lives.”

Dän Laachewdäw Kún

ONE STEP CLOSER!

CONSTRUCTION AND EXHIBITION SURVEYS

We are one step closer to having a space where we can gather, where our stories can be told, and where we can connect and (re)connect. Thank you to everyone who showed support for the Gathering House. As directed by the Assembly, we will continue working toward construction beginning as soon as possible, with lot clearing that will begin this winter. We will continue our work to secure capital funding for the project.

We have two open surveys:

The construction survey where you can let us know what training you would like to see or how you would like to be involved in construction.

The exhibition and collections survey where we want to know what you would like to see in the Gathering House and if you have any items to display
